

# OPEN-TO-BUY AND SALES FORECASTING SOLUTION

## Improve inventory decisions and increase the financial performance of your campus store

indiCo is partnering with RMSA to bring small campus stores a sophisticated inventory management tool at an affordable rate. This technology will help your store avoid common mistakes, specifically over-buying and under-buying, while providing the tools needed for successful forecasting and planning.

### BENEFITS

- Improved financial performance
- Meet management requests with ease
- Analysis and recommendations from knowledgeable consultants
- Quickly analyze specific areas
- Calculate risks
- Monthly monitoring to revise and update merchandise plan
- More time to focus on other core operations
- Save with affordable subscription service—NO long term contract

Together we'll create a solid buying plan based on realistic sales goals and proper inventory levels.

\*Available for stores with \$600,000 or less in general merchandise sales, per year. Through participation in the program, indiCo will have access to your store data to provide additional insight and support as requested.

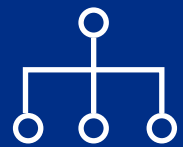

### KEY FEATURES

**Trend Analysis**

**Sales Forecast  
by Classification**

**Open-To-Buy Plan**
